

OP-826_Test_Cases

Include Car Allowance as part of Hires export

Summary: One has to be able to set and transfer Car Allowance as part of the Hires export from my ATS - TalentLink to HRIS - Workday system so that the System of Record or Master database is fully up-to-date and automated to Hire an employee including Compensation & Car Allowance

Pre-Conditions:

1. Login to Talent Link:

URL: <https://emea3.mrtedtalentlink.com/tlk/pages/restricted/hostpage.jsp>

Company Name : API Partners

Login : (to be requested to the admin)

Password : (to be requested to the admin)

2. Login to Workday:

URL: https://impl.workday.com/lumesse_pt1/login.html

User Name : (to be requested to the admin)

Password : (to be requested to the admin)

3. A position (Regular/ unlimited position) should be readily available in WD (which is suppose to have got replicated into TLK)

4. Login to database(staging)

host : open.cmxafq3tiet.eu-central-1.rds.amazonaws.com

port : 3306

user : open

password : Lumesse2015

schema : apipartners

| Sno | Test Step Description | Expected Behaviour | Comments |
|-----------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------|----------|
| TC_TLK_01 | Create a candidate against the unlimited contract position and set the Car allowance to yes while writing the offers terms for the candidate and set the application of the candidate to Hired | The candidate should have got created in TLK and should have got hired in WD successfully via open integration | |
