

OP-805_Test_Cases

Batch with Failure status doesn't show the failed records

Summary: In OPEN UI, when a batch has failed due to failed records in it, when clicked on view records, ideally the failed set of records should be made visible on the screen.

Pre-Conditions:

Login to UI:

<http://52.29.88.204:8888/>

username: To be requested to the admin

Password: To be requested to the admin

Sno	Test Step Description	Expected Behaviour	Comments
TC_UI_01	Click on the above mentioned URL and provide valid credentials to login	one should be navigated to the Home page of OPEN UI	yes
TC_UI_02	Click on the batch viewer from the menu	The batch data viewer should be displayed with in the main page	yes
TC_UI_03	Specify the batch date time, set the status to failure and entity to one among the drop down	The records with FAILURE status should populate as a default search and should be filtered as each filter is being added	yes
TC_UI_04	Click on 'view records' for any record that has "Some failure records in this batch, Please check Audit logs" as its description from the obtained result set of failed records	All the records that ran in the batch along with the records that caused the batch to fail should appear	yes
