

OP-898_Test_Cases

Workday throws error if at least one of the Hire's Phone usage is not set to primary.

Summary: Currently only the Home phone is set to primary and transferred into Workday, if the phone number exists. if no Phone, then no Phone Data section is included.

Workday requires at least one of the phone number to be set as primary, else error will be thrown " Message : One and only one home phone must be marked as primary".
