OP-612_Test_Cases

Address Component is being included and sent to WD even though there is no address in TLK

Summary: Address component should not be included as part of Put_Applicant if no address set in TalentLink. If no Country is set in TLK then default should be applied to Name Component. If only   Country is set in TLK then the same should be set to Address and Name Component.

Pre-Conditions:

1. Login to Talent Link:

    URL: https://emea3.mrtedtalentlink.com/tlk/pages/restricted/hostpage.jsp

    Company Name : API Partners

    Login   : (to be requested to the admin)

    Password   : (to be requested to the admin)

2. Login to Workday:

    URL: https://impl.workday.com/lumesse_pt1/login.htmld

    User Name : (to be requested to the admin)

    Password   : (to be requested to the admin)

3. A Position should be readily availabe in the TLK which could be hired against.

Sno	Test Case Description	Expected Behaviour	Comments
TC_TLK_01	Create a candidate in TLK without setting the address details against the position created in WD and replicated into TLk.	A candidate should have got created with his respective candidate ID	Success
TC_TLK_02	Update the candidate's application status to hired in TLK	The candidate should have got hired with his candidate ID created	Success
TC_TLK_03	In the pre-hire status of the candidate in WD, check the country label in the name component.	It should contain the default value for the country as no address/country is set for the candidate while creation	Success
TC_TLK_04	Approve his compensation and background check and check the country name in the Address component	There should be no country mentioned in the address component for the employee	Success
TC_TLK_05	Repeat Step TC_TLK_01 by setting the address component/ country while creating the candidate	A candidate should have got created with his respective candidate ID	Success
TC_TLK_06	Update the candidate's application status to hired in TLK	The candidate should have got hired with his candidate ID created	Success
TC_TLK_07	In the pre-hire status of the candidate in WD, check the country label in the name component.	It should contain the value for the country as set for the candidate while creation	Success
TC_TLK_08	Approve his compensation and background check and check the country name in the Address component	The name of the country should be mentioned in the address component for the employee as per the country defined while creating the candidate	Success
